PERFECTION WITH
**ONE SEAMLESS
SOLUTION**

We are dedicated to pushing the boundaries of wood finishing and providing our customers with the finishing touch of excellence. With over 140 years of experience, we have perfected the interplay between wood and coating systems, ensuring flawless finishes and exquisite results.

Our innovative wood coating system combines the best features of traditional finishes, offering exceptional protection, enhancing the natural beauty of wood, and simplifying maintenance. We strive to overcome the limitations of traditional approaches, delivering a comprehensive solution that outperforms the rest.

LACQUER & WATER-BASED FINISHING SYSTEM

Wood protection from the outside
Film formation
Forms a thick layer

Advantages

Excellent liquid resistance
Protection against wear
Easy maintenance

Disadvantages

Renovation requires sanding
Spot repairs not possible
Prone to cracking, flaking, & peeling

TRADITIONAL OIL-BASED FINISHING SYSTEM

Protects wood from within
No film formation
No protective surface

Advantages

Deep penetration and networking with wood
Enhances natural wood colour
Easy spot repairs
No cracking, flaking, or peeling

Disadvantages

Limited liquid resistance
Time-consuming maintenance

osmo[®]
...in form und farbe

OIL & WAX-BASED FINISHING SYSTEM

Wood protection from within
No film formation
Creates a protective, microporous surface

Advantages

Deep penetration and surface protection
Enhances natural wood color
Easy spot repairs
No cracking, flaking, or peeling
Excellent liquid resistance
Simple maintenance

DECKING CLEANER

TIP Osmo offers a solution for exterior wood greying with Osmo Wood Reviver Power-Gel. Professionals can use the Osmo Decking and Flooring Cleaning Machine. To preserve the restored natural wood color, treat the surface with Osmo wood coatings like Osmo Decking-Oil and Osmo Natural Oil Woodstain, and use our Anti-Slip Decking Oil for top coat.

UNLOCK THE BRILLIANCE OF NATURE'S PALETTE ALL NATURAL INGREDIENTS

Discover a world where the timeless allure of wood meets the cutting-edge wonders of science and innovation.

Drawing inspiration from the food industry, Osmo brings you a range of pigments that are not only allowed but celebrated for their ability to enhance your wood's natural beauty. Using clean, renewable, plant-based materials, our pigments infuse vibrant colors into your wooden surfaces, creating captivating visual masterpieces that are sure to impress.

Our secret lies in the harmonious blend of oils and waxes, carefully curated from sunflower, carnauba, and candelilla, along with linseed, soya, and thistle oils. These exquisite natural ingredients work in perfect synergy to retain the true value of your wood, providing a coating that is not only natural and environmentally friendly but also completely safe.
